What's in a Name?

Many Times Nothing—Sometimes a Fund of Knowledge.

It's a good old saying, and a true one too, "Know all men by their works." The public have been imposed upon so many times by unscrupulous claims made for selfish means of profit, they look for something more substantial; they ask for deeds. The little conqueror has earned the reputation made in Michigan and no impostor can steal it. From north to south, from east to west, in every city, town or hamlet in the state, people stand ready to testify to merit. Gratitude for comfort brought to thousands of homes brings emphasis to rejoicing and words of praise the like of which has not been equalled in modern times. Is it a wonder the name Doan is a familiar one in every household? Is it surprising the public appreciate Doan's Kidney Pills and will not be led astray by the ingenious efforts of would be competitors? A Detroit man tells here why the name Doan is dear to him.
Mr. R. N. Elliot, of 141 High street, Detroit, says: "My knowledge of Doan's Kidney Pills dates back to five years ago. I was then living in the town where Dr. Doan was located. I was tormented with kidney troubles and inflammatory rheumatism. The doctor prescribed the pills for me which have since become so justly famous. Their use quickly eliminated the uric acid in my system and with its departure came the cure of the rheumatism and the end of the kidney troubles. It took but a few boxes to accomplish this end and I feel that I owe Dr. Doan an everlasting debt of gratitude for prescribing such a valuable remedy. I have taken great pleasure in recommending this remedy to a number of friends. I always keep a box of these pills on hand so that should I take a severe cold and feel that it is settling on my kidneys a few doses of Doan's Kidney Pills relieve all apprehension."
